ZEPHYR NEWSLETTER

Roberta Metzler was our 43rd President in 1999-2000. Service was Roberta's passion and as President she involved the members in monthly community projects. Roberta values the fellowship with other business women that the Zonta Club provided for her. She laughed as she remembered attending the District 12 meeting in Montana and purchasing a baby doll at the hotel's gift shop. It was so sweet that she held as if it was a real baby. The clerk even thought it was real and was shocked when Roberta said she wanted to buy it.

Zonta Club of Cheyenne 60th Anniversary

The Zonta Club of Cheyenne received its charter in October of 1956. We would like to celebrate this landmark by honoring our past and our achievements. If you know any of these past Presidents or their families please plan to have a conversation with them.

Ask questions like:

What was your greatest achievement while you were President? How did the Cheyenne Zonta Club help women, locally, nationally or internationally?

What Service Projects did you participate in?

Can you tell a story of the most moving and/or humorous memories you have?

Were you able to travel to other Zonta events?

Did you hold offices at an Area, District, and National or International level?

To quote President Kathy Cathcart, "Women don't brag enough about their achievements". In 60 years the Zonta Club of Cheyenne has helped many women achieve their goals. Help us to tell our story.

Enshrined 1999

Ruth Helm was born in 1916 in Grapeland, Texas. She was in WASP Class 43-2 out of Hughes Field in Houston, Texas. Ruth ferried pursuit (fighter) aircraft. Ruth served as WASP National Treasurer, 1990-92 and WASP National Vice President 1992-94 and is an Associate Member of the Order of Daedalians. She founded Thunderhead Ranch, one of the first fly-in guest ranches.

Dawn R.B. Seymour was born in 1917 in Rochester, New York. She was in WASP Class 43-5 at Avenger Field, Sweetwater, Texas. Dawn ferried B-17 aircraft (only 13 WASPs qualified). She served as WASP National President from 1982-84 and chaired the WASP Memorial Committee.

Of the 1830 candidates admitted to the WASP program, 1074 graduated and served as WASPs. The WASPs delivered 12,650 aircraft of 77 types and models to military destinations around the world during WWII. WASPs delivered 50 percent of the fighter aircraft from aircraft manufacturers to Air Corps installations. Thirty-eight WASPs died serving their country as members of the Women Air Service Pilots.

The induction of Ms. Helm and Ms. Seymour into the Arizona Aviation Hall of Fame pays tribute to their aviation skills and their service to our country during WWII. As WASPs their dual-induction is intended to also symbolically recognize all their WASP sisters who served our nation using their piloting skills during the war.

Note: Nearly 200 WASP's, including Ruth Helm and Dawn Seymour were awarded the Congressional Gold Medal. It is the highest honor for civilians.

Past Honorees: In 2000 the Navajo Code Talkers and in 2006 the Tuskegee Airmen
